CAPANEUS

SC Munich

Chief of SB/OUN, the Ukrainian security service, in Munich. In July 1946 he arranged to share the results of his anti-Soviet operations with SC Munich in return for protection in the American Zone and some minor operational supplies. This was the beginning of Operation TRIDENT (qv). CANAAN became the cut-out and is the person to whom subject submits his reports for us. Subject went underground by resuming his original profession of writing children's books.

CAPANEUS was our first link with Operation UKELELE (qv), organized by Subject and [] (SC Munich case officer) around one SLAVKO, an agent of INO/MGB Kiev and a boyhood friend of subject.

Subject has refused agent status, but continues to "cooperate" with the Americans. His exploitation is being continued as a further check on source CAPELIN (qv).
